Dear The Federal Communications Commission,

Congratulations on your appointment to Chair the FCC. I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair. Consumers like me should not pay the same rate into the USF as big businesses. I use long distance very little.

The "Keep USF Fair Coalition" submitted the Fair Share Plan to the FCC on January 31, 2005. It expands who pays into the USF so that other technologies - not just phones - pay into the system. The Fair Share Plan collects the USF using a combination numbers- and revenue-based plan. This keeps the system fair, equitable and non-discriminatory.

Under your proposed plan, people like me who make few long distance calls would pay the same as people or businesses that make many calls. It would be unfair to charge low-volume and residential customers the same fees as high-volume residential or business customers.

Please keep the USF fair, and adopt the Fair Share Plan. Thank you for your kind attention
